June 2021

OVERVIEW

- Formation and capital raising activity
- Outcomes and stock performance
- Financing trends
- Trading and market dynamics

IPO CAPITAL RAISED

- Almost 600 domestic SPAC IPOs Since 2020
- Nearly \$200B in total proceeds
- Represents a majority of total US IPO market

SPAC DEAL VOLUME

SPAC Deals Since 2016

~200 deals in 2021 YTD representing ~\$500B of enterprise value

Active SPACs and Cash in Trust Summary

- \$180B+ of cash in SPAC trust accounts
- \$1T+ in enterprise value may come public via current SPAC pipeline

SPAC OUTCOMES: OVER LIFECYCLE

- SPAC transactions can accommodate a variety of structures to align stakeholder objectives
- Agency conflict is largely overblown
- Liquidation rates have been very low but are likely to increase

SECTOR TRENDS

Median Stock Price by Sector

Closed SPAC Deals Since 2020

Median 52-Week High by Sector

Closed SPAC Deals Since 2020

- Several sectors have given the public access to growth-stage companies
- Sector and thematic investments have driven activity
- Automotive deals falling out of favor
- It's hard to be a contrarian: market is rapidly evolving. Cookie cutter approach doesn't work.

RECENT DEAL PERFORMANCE

- Earlier deals performing well but newer deal announcements not as warmly received
- Timing is important
- Float turnover may play a role in performance outcomes

DE-SPAC PERFORMANCE

- Public redemptions remain highly correlated with trading performance
- 2020-21 deals have performed better in general
- Many deals with poor stock performance have low public participation due to redemptions and small/no PIPE at Closing

YIELDS & SENTIMENT

Recent SPAC Issuance by Month

Median Yield on SPAC Common Equity

SPACs Without Announced Transaction

- Yields are a reflection of market sentiment at a given moment
- Issuance peaked at more than \$30B/month in Feb/March
- Conditions are challenging after months of easier issuance

SPAC YIELD CURVE

Estimated Yield vs. Time Remaining

Pre-Deal SPACs (6/15/2021)

- Almost all Pre-Deal SPACs trading at a discount to trust
- Median yield is ~1.75%
- Some premier names still trade at a premium

PIPE COMMITMENTS

SPAC Deal Announcements and PIPE Financing

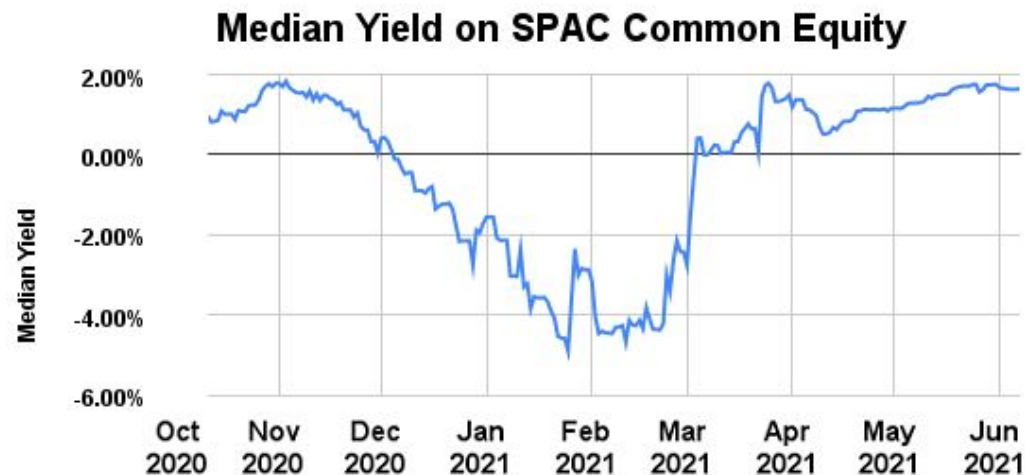

- A large queue of deals are still coming to market and seeking financing
- The PIPE market has tightened considerably since Q1
- Committed financing at deal announcement has fallen materially

MINIMUM CASH COVERAGE RATIOS

Median PIPE Coverage Ratio by Deal Announcement Month

- Tighter financing market has left many deals with less PIPE coverage
- Most Q2 deals no longer covering minimum cash conditions with PIPE commitments
- PIPE financing conditions strongly correlated with broader SPAC sentiment

SPONSOR CONCESSIONS

Promote Retention by Deal Announcement Date

Fraction of Promote Shares Unconditionally Retained

Promote concessions appear sensitive to overall SPAC market conditions

Sponsor Lockups by Deal Announcement Date

Longest Tranche of Sponsor Lockup in Months

Recent SPAC deals appear to feature longer sponsor lockups

- EGS #1 for 5th straight year
- Kirkland and Latham lead in de-SPAC advisory (data not shown)

RECENT IPO UNIT PRICES

- Median market price of pre-deal IPOs over the last 6 months is \$10.01
- Many SPACs trading below trust value
- Issuance has slowed in recent months with high quality teams or overfunded trust accounts getting funded

DROPPING WARRANT COVERAGE

On average, SPAC investors asking for lower warrant coverage as the market matures and higher quality teams take market share

SPAC RESEARCH WARRANT INDEX

- Warrant Index measures speculative interest on pre-deal SPACs
- Demand for warrants has fallen sharply since peaking in February
- Lower warrant coverage has reduced warrant supply in general

WARRANT PRICES

Realized Warrant Pricing in First 6 Months Post-Business Combination

2021 Closed SPAC Deals

- Warrant pricing largely correlated with stock prices
- Due to \$18 call provision, warrant prices are capped on the upper end
- Exercisability of warrants and other factors have large impact on realized pricing

RETAIL INVESTOR PARTICIPATION

- Institutional ownership has fallen over time
- Retail + non-filer share is growing
- Difference is greater among more seasoned SPACs
